whatsoever things are of GOOD REPORT, if there be any *Virtue* and if there be any *Praise*—THINK ON THESE THINGS. . . . . and the God of Peace shall be with you."

As Beloved Maha Chohan's volunteers to bear Comfort to this world of form, let us all sincerely endeavor to do unto others as the Ascended Masters do to us and as They would have us do to others (for They love all life)—ACCEPT THE BEST—TRANSMUTE THE REST! Thus shall we all fulfill the Law of Love—". . . . . *and the greatest of these is LOVE!*"

Lovingly forgiving all life—"I AM"

THIS PASSING MOMENT

Within this passing moment—NOW—
Is ALL God's good for you;
Here's strength to fulfill every vow
And render service true.

O, Please do not—by looking back—
Or e'en too far ahead—
Clutter your world with regrets or dreams
'Til *this moment*—alas! has sped

You can't recall it once it's gone—
You cannot get it back;
Today is all that's really yours—
For *time is a one-way track!*

This very blessed minute know
That God's free-flowing life
Just a fleeting moment ago,
With Him, was free from strife.

You ask: "Now that it's in my world
What can it do for me?"
Whatever you determine—for
It acts obediently!

Then if you really mean you want
God's Will to manifest—
Guard every passing moment
And do your very best.

To keep your thinking happy;
Your feelings full of cheer;
Hold a "God's-eye-view" of ev'ry man—
Thus life you will REVERE!

Perfection is the Will of God
For you and ALL—my friend—
This moment is your Open Door
To happiness without end!

NOTICE!

As all of our dear students know, we are in a time of planetary crises when it is necessary that all Sanctuary and Group Directors be apprised as quickly as possible of any Ascended Master instruction, Class Announcements and Reports. Previously you have received these from our beloved Mrs. Ekey but, because of certain pressures of service which this lifestream has assumed, in Its mercy the Great Cosmic Law, *at least for the present,* requests that you receive such information direct from the Mother House of our Beloved Lord Maha Chohan (the mailing address of which is P. O. Box #5, Flourtown, Pa.).

This will temporarily lighten Mrs. Ekey's responsibilities and enable her to more efficiently continue in the specific service which she is rendering as Manager of "The Bridge"; as well as continuing as the Director and sustaining lifestream of the power center of this Activity which has been established through the Philadelphia Sanctuary. Her letters containing practical Group Instruction material will continue to appear in Our monthly journal as space permits, for preference is always given by her to the Ascended Master's words.

THE BRIDGE TO FREEDOM

A Monthly Journal Devoted to Individual Unfoldment, Contact with The Great White Brotherhood and Cooperative World Service

Volume VII JUNE, 1958 No. 3

To the Beloved Ascended Master Lanto and the Brotherhood of Precipitation:

We send all Our gratitude to You for Your perseverance and constancy in HOLDING THE FOCUS OF THE PRECIPITATING POWER in the emotional, mental, etheric and physical strata of Earth's atmosphere until some unascended member of the human race can cognize and utilize this *natural* power of his or her own being—then use it CONSTRUCTIVELY for the benefaction of the human race, without personal desire or motive to benefit the outer self alone (channel through which this Precipitating Power flows).

Your magnificent Reverence for Life Itself and Your knowledge of the potential Powers which, for the most part, lie dormant within the Immortal Three-fold Flame within the hearts of every human being, have caused You to make the tremendous sacrifice of refusing the greater Spiritual Status which awaits You, until some able and willing chela has been found and trained in the conscious use of this Power of Precipitation right here in this physical appearance world—thus becoming a living Example to all of what all men shall one day be and do. Your sacrifice (like that of Our Beloved Regent, Sanat Kumara) is a gift of Your love. We bow before You in gratitude for Your willingness to remain with the Earth's evolutions until such an unascended lifestream is awakened and manifests this Power!

Blessed be Lord Lanto, Beloved Confucius and the Brotherhood at the Rocky Mountain Retreat for Their patience with the recalcitrant human race! Hasten the day when mankind confirms through WORKS—not words—this faith in Their externalized Precipitating Powers!

TEMPLE OF PRECIPITATION—ROCKY MOUNTAIN RETREAT, WYOMING, U.S.A.

(June 15th through July 14th, 1958)

The magnificent Teton Range in the Wyoming Rocky Mountains is the focus of the Beloved Ascended Master Lanto and His Divine Brotherhood, Whose "reason for being" is to PRECIPITATE into this world of form, all the God-designs received by Them which receptive chelas can and will accept into their own outer consciousnesses.

Here twice each year, the Spiritual Hierarchy meet to counsel together as how best to serve the evolutions in the Earth, on Its surface and in Its atmosphere. Here, also, The Spiritual Hierarchy and Their chelas present to the Karmic Board the results of Their endeavors to externalize the Divine Plan for the Earth and Her evolutions.

The natural beauty of the Teton Mountains, rising as They do from the verdant plains which surround Them, inspire admiration and awe even in the most casual tourist. Chelas, cognizant of the Temple of Precipitation within the Tetons, know of the pulsating spiritual power that flows forth to them, particularly while they are in the actual aura of the Tetons. Now, through the mercy of the Cosmic Law, that aura is expanded through the sphere of influence of every dear chela, even though he only visits the Temple of Precipitation through the use of projected consciousness, or in his or her etheric vehicle while the physical body sleeps.

As this issue of "The Bridge to Freedom" is primarily concerned with the development of an understanding *of* and love *for* the Elemental Kingdom, We would like to point out to the Gentle

Reader how much cooperation the Elemental Kingdom, the Builders of Form, the Gods of the Mountains and all Their servants have done to create such a place of beauty in this physical appearance world and how much energy They have used to sustain that beauty to the present day.

Have you ever considered the amount of energy it requires to keep a mountain (even the size of the Grand Teton) raised—against the gravity "pull" of Earth—like a mighty finger pointing Godward?

Did you ever consider just Who or what keeps the great glaciers from descending as tremendous avalanches into the valleys below?

Who or what sustains the pristine rivers which flow from the heights, bringing sparkling waters into the fertile plains—those waters charged with Beloved Lanto's Own feeling of Reverence for Life—which feeling is absorbed, at least to some extent, by any and all who drink of those streams?

Beloved ones, the Teton Mountains, like the Himalayas, the Andes and ALL Mountain Ranges, are consciously sustained by Mighty Intelligent Beings known as "Gods of the Mountains," Whose service is to keep THE HEIGHTS before the sight of men!

Beloved Lanto, having long ago achieved the Ascension, spent many centuries in China before that Ascension. There, He learned and builded into His feeling world the beautiful Reverence for Life which is a natural expression of the Oriental nature. Centuries ago, Beloved Lanto offered to establish His residence on Earth within the Rocky Mountain Retreat (Grand Teton, U.S.A.)—thus to bring His feeling of Reverence for Life to the Occident and there expand that feeling through radiation. We of the Ascended Host bow before His Light and loving, patient Service all through the ages. We know that you, the chosen chelas of Beloved Saint Germain, also give to Him your gratitude and love for this service.

The Temple of Precipitation has been described and referred to so often in previous issues of both "The Bridge" and "The Bulletin" that, to refresh your dear memories, We suggest you review such descriptions of this glorious Temple.

Consciously accept NOW your opportunity (particularly during this thirty-day period) to enter the Temple of Precipitation *in consciousness*; sit at the feet of Beloved Lanto and the Brotherhood of this Temple—there to learn the Law of Precipitation, as well as absorbing Beloved Lanto's feeling of REVERENCE FOR ALL LIFE! Then endeavor to radiate such feelings forth individually and in your group activities, to help your fellowman.

Anticipating meeting you in consciousness, My heart-friends, at the Rocky Mountain Retreat *daily* while the attention of the Spiritual Hierarchy is focused there and, further anticipating the

joy in My heart as I show your fine accomplishments to My Brothers and Sisters Who will gather there, I Am—always your Obedient Servant, Counsellor and Friend

An Address by
OUR BELOVED LORD MAHA CHOHAN

Aug. 6, 1956.

Beloved and blessed children of Light, endowed with that magnificent Gift—the free-will use of the primal essence of deity—Life Itself—as your intelligence desires (through the use of thought, feeling, spoken word and deed), CONTEMPLATE THAT GIFT of self-conscious intelligence and the right to use primal life as you choose! Try to realize *how rich—how magnificent* is your heritage! Think! That life never ceases to flow for a moment—day or night, waking or sleeping, in embodiment or out of it! The love of your Source from whence that life comes is so merciful, so compassionate and so understanding that, *never* has that Supreme Source said: "Enough! I shall give no more"—no matter how much of Its life you have used in the past through aeons of time, experimenting with thought, feeling, spoken word and deed which produced subsequent creation, according to its kind—constructive or destructive—*as its cause was sent forth!*

Constantly there flows into your being that Gift of primal life with your every heart-beat; life which can either be woven into the glorious pattern of your own Divine Plan fulfilled and into your Causal Body; or life which can be woven into the chains and limitations which temporarily bind you to distressing experiences here. It is all a matter of your self-chosen use of free-will!

In acknowledging the Gift of Life, let us be grateful to the Universal First Cause for Its patience, Its tremendous generosity and Its capacity to hold for you that Divine Pattern and Plan knowing that *some day* that Plan *inevitably shall manifest for you.* Your Source of Life knows that when you have mis-qualified ENOUGH energy (thus creating conditions unhappy enough), that very discord will become the spur and prod which will turn you back again to your Supreme Source, there asking for the way and means by which you again can set your worlds in order. Then, beloved ones, the same Source from whence flowed that life which you have qualified with shadow, disintegration, decay and general

inharmony *still* will let flow to you *more of Its life* to qualify as you desire (this time *constructively*) and, with the assistance of the Ascended Masters, raise your emotions, your minds, your etheric bodies and your flesh garments back again to the dignity and beauty which always has been and is now your Divine Destiny. This Destiny is expressed by the externalization of your Holy Christ Self through the outer form in the fulfillment of your Divine Plan here on Earth.

Think for a moment! No matter how much Violet Fire there is in this Universe, if your Source did not continue to supply you with Its life and intelligence, that Violet Fire would be of no use to you for you would have neither the consciousness nor intelligence to accept It, nor the wisdom to use It to set yourselves and all mankind free from shadows of every kind. Therefore, to the Supreme Source of all that is and to the individualized God-intelligence which holds within Itself the Sacred Fire of your individuality, be grateful for the Gift of Life and for the opportunity of using that life, even while you yet wear a garment of flesh.

At the close of an embodiment, I have received the "Breath of Life" from individuals who have laid their burdens down, finding those burdens (for the time being, at least) too heavy to carry further. Then, after they had self-consciously given up their breath which had enabled them to be sustained in a body in this world of form, I have seen those individuals filled with remorse and regret for the tasks not done on Earth, the services not rendered, the opportunities of the past life not woven into loving accomplishments. I have seen those individuals begging for opportunity to return to Earth at once to make things right but, through the action of the Cosmic Law, they were required first to appear before the Karmic Board and then spend some time at Inner Levels for needed rest and necessary instruction which would help them live more constructively in their next Earth life. These lifestreams were also required to pass through the necessary rituals and applications to receive new birth here. Also, I have seen such individuals who were so desirous of making things right, come back upon the scene of life so long after the distressing experiences involving certain other lifestreams, that those with whom the balance *could* and *should* have been made had already passed from the Earth-life and there was no way for the new brain-consciousness and soul-self of the newly incarnated individual to make the contact with those gone before.

Therefore, TODAY IS YOUR OPPORTUNITY—each one in his or her own chosen place of service—to draw that Flame of Healing, Comfort, Peace and Supply; to magnetize that Flame of Truth and to help Us to establish and radiate through this Activity,

those particular Virtues which belong primarily to Beloved Pallas Athena and Myself.

Allow Christ Self Within to Manifest—Here and Now!

NOW IS THE TIME to create emotionally, mentally, etherically and physically, channels through which may flow the Nature of the Holy Spirit, Whose Nature I represent to the Earth. You cannot do this by endeavor of human will; you cannot do it by repression of untransmuted, destructive tendencies—but *you can do it* by entering into the Secret Place of the Most High which is within your own beating heart. There you can call to Me, asking for the Presence of My Comfort Flame in, through and around you, *letting It give you My feeling* of Comfort. *Instantly at your call* that Comfort Flame shall flow to you from My heart, down through the golden radiance which surrounds your Silver Cord and fill your feeling world with My desire to be a Comforting Presence to the Universe!

This same activity can take place with any Quality or Virtue of God, the fulness of which you do not now feel and yet which lies dormant within that Immortal Three-fold Flame of Eternal Truth which lives in your heart. Of course, you can endeavor to stimulate such qualities by the expanding of that Immortal Three-fold Flame Itself, but you can also have the great assistance of the full-gathered Cosmic momentum of every Cosmic Being, Ascended Master and Angel in Heaven. At your call, These will gladly give to you Their understanding and Their feelings of God-accomplishment *until you have developed a similar momentum in yourselves.*

That part of the Christian credo which speaks of the "Communion of the Saints" refers to the capacity of the unascended lifestream (in the silence, privacy and sincerity of his own prayer hour) to reach up and draw upon the perfected energies of the Ascended Ones, asking for Their understanding and Their feelings of God-accomplishment; then allowing those feelings to fill *your inner bodies* and blaze through your flesh for the benefaction of all who are using the Earth as a schoolroom.

As I have previously told you, it is My obligation to life to help every soul who desires to become a Holy Spirit—a Spirit filled with Holiness, Healing, Love and Peace. *For this reason* I remain in this Universal Scheme and I can never refuse (nor would I wish to) to personally assist individually or in *group* endeavors, lifestreams who want to become the Holy Spirit in action.

There are few upon this Planet Earth, beloved ones, who are cognizant of My Presence, My Service and even My Name. Of these few, there are fewer still who have opportunity to come as close to Me as you do—able to take of My life and instruction, given

freely to you *for one purpose:* to raise you and make you such conductors of the gifts and powers of My life and light that mankind, *feeling* more than *seeing* the radiation of your aura, will want to make the application necessary to come into a like estate of peace.

I thank you for this opportunity to reach your hearts and outer minds and, at the same time as I am speaking to you, I thank you for the opportunity you have given Me to pour the Comfort Flame through the energies of your inner and physical bodies. This shall be a permanently sustained activity which you can re-animate at will by thinking upon it. You know that it is possible for you to re-animate unpleasant experiences of the past just by thinking upon them and then, by securing the co-operation of the emotional body (your feeling world), you can stir your entire set of four lower vehicles into conditions of distress. That same Law works *constructively, of course.* If you think of your own Beloved "I AM" Presence, the Ascended Masters, the Angelic Host, the Cosmic Beings and the Suns of the Systems—your emotional, mental, etheric and very physical body too will respond and all will begin to absorb and radiate those higher vibrations of light which the beam of your attention upon these God-free Beings has drawn toward you. WHATEVER A MAN THINKS UPON AND WITH WHICH HE ALLOWS HIS ATTENTION TO CONNECT—through the use of God-given free-will—DOES SUCH A MAN DRAW INTO HIS WORLD!

Therefore, take the search-light of your attention—that beam of your God-given energy—and consciously direct it toward the Comfort, the Truth, Peace and Supply, as well as all the Ascended Master Qualities and Virtues which you desire to have manifest in your world. *Consciously govern* that beam of attention, not allowing it to play upon the quagmires of distress which you can see everywhere about you. The farther you go in the light—the more energy and power you draw—the wider is the beam of your attention and the more powerful the magnetic attraction which draws into itself (just as your vacuum cleaner draws into itself the dust from your rug) that upon which your attention rests!

Now, among the masses of mankind, that beam of attention in many is not very wide. In fact, sometimes it is no wider than the width of an ordinary straight pin. It can flit from one subject and experience to another and not particularly magnify any distress in the individual's world, *except something in which he is particularly, personally interested.* You would be amazed to see the beam of attention of a mass of people flowing over the headlines of a newspaper—for instance—just barely noticing them with a thin pin-like beam of attention. Yet, if there is something in the paper that directly concerns a particular lifestream who is reading, the beam of

that one's attention *instantly can become as wide as a nine-foot span!* Then all the distress and turmoil connected with that experience is thus given an open door to flow into that individual's experience world. You see, the personality feels so very important especially when the outer self and its affairs are touched. So, even in the case of the masses of the people, the open door formed by the direction of the attention into the description of distress in the paper draws *more* of that grief and distress into the inner bodies and brain consciousness of the reader, *when his or her own personality or those near to him is concerned.*

In the case of a chela who is consciously walking the Path of Light, where the Immortal Three-fold Flame has already expanded within the heart (at least to some extent); where you have consciously drawn forth certain powers of the Sacred Fire and you have learned to direct your attention to the Retreats of the Ascended Masters, to the Suns of the Systems and have had the added assistance of being able to project your attention to a Galaxy above you —do you realize what power there is in that life energy? *That is your own life* and it is a mighty powerful magnet which can draw to you from superior Galaxies the glorious life that is there, or it can draw to you the distresses which are in the outer world, *if you allow your attention to dwell upon them!*

That is one reason why, until this New Dispensation came forth, We did not invite individuals to attend the activities in the Retreats of the Ascended Masters, *even in consciousness,* because We knew that the beam of attention and power of levitation through consciousness would become not only a power to enable that lifestream to reach these various Inner Activities, but that beam would continue to act during the rest of the twenty-four hour period. Then, without control, that same attention could draw into his world a great deal more discord than could be drawn by the individual who had the very small and pin-like beam.

Therefore, with every God-power conferred upon you; with every expansion of consciousness; with every bit of training from the Ascended Masters' Realm, you must be cognizant of the requirement for more God-*protection* and more wisdom in the use of your faculties. You must become cognizant of the fact that you have become a greater power for good or for evil after you have received the pressure of the Ascended Masters' radiation and when your attention has been raised. In order to proceed in consciousness to the Throne of Alpha and Omega (God and Goddess of the Great Central Sun) or even just to the System above you, the beam of your attention is literally held by the hand of some Great Being of the First Ray and is moved up into the Realm upon which your attention is fixed. Then it is "pinned" in that Galaxy (you might say) by the hands of the Blue Ray Angels and Devas. Otherwise, you would not be able to retain consciousness here during this period—you would either go to sleep or perhaps faint. However, in order for you to have a visit into these powerful Realms, these Beings hold the beam of your attention upward *there* and sustain your outer consciousness *here,* allowing you to look for a moment at a superior Galaxy and see a part of the Divine Plan. Then, ever so gently, that beam of attention is lowered by the same Angels back into your own Galaxy; then from the Central Sun into the Sun to which your System belongs; then horizontally back into the Planet of your present habitation (the Earth).

I have told you and others that many, many souls who proceed on individual spiritual experiments without the protection and assistance of the Ascended Masters cannot find their way back to sane living on the Earth plane. Do you think that if you were to be left *alone* in consciousness in the heart of a Great Solar System that you could come back, carefully and safely, into the atmosphere of Earth without help? Beloved ones, the outer mind takes SO MUCH for granted!

When your Transmission Classes are in progress, Devas and Angels hold the beam of your attention in the Ascended Masters' Retreats to which you have consciously directed it, so that you may receive from such Active Retreats of the month those tremendous currents of energy which vitalize your inner bodies and your flesh as well. Then, in the same manner as I have described, They draw back that beam of your attention into your natural orbit.

Why do you think Sponsors from each Retreat are provided to be with you during the time that each such Retreat is active? For this specific service—that your consciousnes may be drawn to the Retreat and then safely drawn back into your own personal sphere of influence. Then, during the thirty-day periods of the Retreats' activities, at night while your bodies sleep or when you consciously direct your attention toward an Active Retreat, these Angels convey your consciousness again to the Retreat, let you feel the radiation which is there and then bring you back safely in the morning to your physical body, home and environment, with as much of the substance and energy of the Flame as the Hierarch and Brotherhood of that Retreat deem it wise to anchor within your physical body and inner world. As conscious chelas on the Path, you are constantly guarded and guided by Angelic Beings, as well as by the Spiritual Hierarchy. Every exercise that We give you or application that We suggest you make, We give with the forethought as to how We may protect you in the use of that exercise or application (breathing, decrees, songs, visualizations) because you are as yet living among the dangers of the outer world—in the astral plane.

Now, you well know—especially those of you who have studied something of Occult Law, that much instruction to the chela is given only while the chela is within the aura of a competent and well-trained Guru and that much of such instruction is given through radiation alone. The chela receiving such instruction through radiation from the Master must be alert and illumined enough to be able to interpret it correctly and then apply it efficaciously to produce the results desired by the Guru. This instruction through radiation alone is really quite a protection to the chela himself, for thus he has no actual words from the Guru to repeat—even with a slight coloration of his own interpretation thereof through his own mental concepts.

You see, the Guru's aura provides the chela with protection against certain influences of the astral world in which all unascended beings abide here. While the chela is so protected by the Guru, he is able to perform some deeper breathing exercises which are very helpful to his spiritual advancement and the chela there can also practice certain exercises of precipitation and levitation. The Guru's aura also protects the aspiring chela against the weaknesses of his own personal nature, as well as certain destructive influences of the astral plane as We mentioned before.

It is, too, the Guru's loving endeavor to protect the chela as he goes out again into the world to serve, when such a Teacher admonishes His chela to seal his lips against divulging certain instructions to others with which he (the chela) himself is not altogether familiar. You see, beloved ones, if the chela takes that Law to others—with which Law he is not wholly acquainted himself —the karma for this lies upon the shoulders of the outer self of the chela who divulged the instruction.

Now, the reason for this is quite simple: As We said previously, the chela taking training from a competent Guru is held within the protective aura of that Teacher while his instruction is being given and his experiments are being tried. When such a chela promiscuously divulges such instruction to others and they attempt to produce the same results *without* the protective aura of a trained Guru, they may (and often do) get into considerable difficulties and, naturally, the karma for this would fall upon the shoulders of the well-meaning but indiscreet chela.

Therefore, when you have actually entered into Our sanctified aura (by placing your attention upon ME or any of the Cosmic Beings or Ascended Ones in loving devotion and gratitude), you then have *protected* freedom to experiment with your expanding faculties, as well as with your dormant ones which We are trying to help you develop. The exercises and applications which We know are quite safe for you to use are given in the published literature of this Activity, according to the discretion and discrimination of Beloved Morya in "The Bridge" literature and of My Own in "The Bulletin". Common sense will tell you, of course, that such instructions of Truth may be utilized and given forth to help others at any time.

The Planet "Aquaria"

For your interest and illumination as well, let Me take you now on a little mental journey which will tend to expand your consciousness and acquaint you with at least something of what is in the rest of the Universe.

Placing our consciousness for a moment in the heart of Helios and Vesta, we move outward first to the Planet Mercury; then to Aquaria; then to Uranus and then to the Earth. Presently, of course, you are living upon the Planet Earth and your reason for being here is because you have volunteered to help raise this Planet and Her evolutions. In this Cosmic hour of the forward movement of this entire Galaxy, Mercury will move forward into the Sun. When this takes place, the Earth and Her evolutions will be ready to move into the orbit of Uranus. Uranus, in turn, will move into the orbit of Aquaria and Aquaria will move into the orbit of Mercury. All of this will bring the Planets of this System closer to Their Sun (presided over by Beloved Helios and Vesta) and Mars (the Planet next to the Earth), will move over into the present orbit of the Earth.

Now, *you know* something about your Earth—so today, for just a moment, We will take you to the Planet Aquaria which will be the closest one to the Sun when the present Planet Mercury has been absorbed into the heart of that Sun.

Uranus is a very large Planet and upon It there are a very great number of lifestreams evolving. Aquaria is a Planet smaller in size than Uranus and, looking at It from Cosmic space, It presents a beautiful blue color, something like your aquamarine. Its color is really a combination of aquamarine and turquoise as you know those colors on Earth.

Aquaria is a very "delicate" Planet—everything about It is along the Seraphic lines of the most delicate and refined stature—even Its verdure and Nature Kingdom. All of the buildings on Aquaria are beautifully frescoed—the columns narrow and often end in lovely Seraphic figures. The people's bodies there are beautifully fashioned as well and the Aquarians have golden hair and blue eyes, as have the Uranians also.

THE MASTERS OF WISDOM SPEAK

(ON: ESTABLISHING FAITH AND TRUST IN THE ELEMENTAL KINGDOM)

MAHA CHOHAN:

As the Lord of the Nature Kingdom, so far as the planet Earth is concerned, I am vitally interested in every tiny Elemental who has served so long, so patiently and so diligently to help sustain the beauty as well as the actual sustenance of the physical vehicles of man. The great Directors of the Forces of the Elements are to be COMPLIMENTED for Their magnificent control of Their servants—Undines, Salamanders, Sylphs and Gnomes. The Divine Beings (particularly Mother Mary), Who have trained the Elementals so patiently at Inner Levels to perform their services faithfully, rhythmically and constantly, deserve the gratitude of all who *have used, are presently using* and *in the future will use* the planet Earth as a schoolroom.

The Elementals would long since have abandoned their service to the Earth were it not for these Great Directors Helios and Vesta (Fire); Aries and Thor (Air); Neptune and Lunara (Water); and Virgo and Pelleur (Earth). The incoming Permanent Golden Age requires the cooperative activities of the Three Kingdoms which have served and are now serving the Earth: the Angelic, human and Elemental Kingdoms. In this month, when Reverence for all life (imprisoned or God-free) is the key-note of Lord Lanto's Ascended Master Retreat, I ask a personal favor of sincere chelas with regard to assisting the re-establishment of harmony between unascended mankind and the Elemental Kingdom. I know you will be happy in such a lovely service.

EL MORYA:

The Will of God has been well and constantly expressed by the Elementals but, as their very nature is to mirror that which they see and feel, much of the catastropic conditions which have externalized since the "fall of man" are not due to the naturally obedient Elementals. Rather they are due to man—to whom the Elementals have taken the "vow of obedience", as man is the highest intelligent consciousness upon the Earth. So do they mirror mankind's chaos and confusion.

As We enter the New Golden Age, the Cosmic Law, *in mercy*, is about to *release* the Elementals from that "vow" insofar as obedience to the destructive use of free-will by the people of the Earth is concerned. Unless harmony between the Elemental Kingdom and mankind is *consciously established* by the dear chelas, (too few in number but exceedingly earnest in endeavor), even the Directors of the Forces of the Elements *can no longer protect mankind* from the harried and resentful Elementals. This, of course, would cause unnecessary hardships to the people of Earth and cataclysmic activities which CAN BE AVOIDED if Our loving warning is *now* heeded! Garner your spiritual strength, My beloved, and HELP NOW Those of Us Who are using every grant of the Cosmic Law—every dispensation at Our command—*to prevent these destructive activities.* For this reason I chose you, *each one* and I rest IN TRUST, in your calm, poised and alert assistance in THIS HOUR!

KUTHUMI:

Beloved ones, ponder for a moment the Truth that the very physical vehicles which have been created in love for you in order to pass certain initiations and learn specific lessons in the conscious control of energy and vibration are made up of countless little Elementals who have foresworn the joy, freedom and beauty of their natural sphere, to sustain your physical structure . . . not once, but for countless centuries of time! How much of the Water element, the Earth element, the Air element and the Sacred Fire of Creation (the Immortal Victorious Three-fold Flame of Eternal Truth in each of your dear hearts) has been invested in sustaining you PRECISELY FOR SERVICE IN THIS PRESENT HOUR to the God Who made you?

Endeavor to *learn to love* the Elements that comprise your physical garment and see how quickly they will mirror your love, externalizing health and beauty in, through and around you, for they are VERY intelligent! Cease condemnation of those organs, muscles, nerves and cells of your body which temporarily seem to have stopped functioning perfectly. Remember! The fault is yours (the personality's)—not that of the dear little Elementals who are simply mirroring your thoughts, feelings, words and actions. Their redemption can only come through your own self-conscious endeavors to love them free. When you have truly, humbly and sincerely become the Master of the Elements in your own physical body you are then already qualified to become the Master of the Elements of your city, state, nation and the Planet which has been

your Hostess for so long. You cannot "whip" the Elementals in your physical body into perfection but you can LOVE THEM FREE! I SHALL HELP YOU.

PAUL, THE VENETIAN MASTER:

The personal Savior and Redeemer of every member of the human race, imprisoned Angels and confused Guardian Spirits here, is the HOLY CHRIST SELF anchored right within your own beating hearts. We, The Brotherhood of Love, are particularly interested in expanding the power and beauty of that Holy Christ Self through each aspiring chela. *It is Our reason for being!* This Holy Christ Self has been entombed within the outer personality of the billions of lifestreams who have used the Earth as a schoolroom for many ages. Now, the Cosmic Fiat to all upon the Earth and who must embody here in the future is "LOOSE THE POWERS OF THE HOLY CHRIST SELF AND LET IT ACT!" For this, We are so grateful! To some, the Holy Christ Self is still very ephemeral and impractical. To a few, It is a REALITY. Now, for all mankind, *It shall become the REDEEMER.* No longer shall We have to *coax* the outer mind to accept the Presence of the Holy Christ Self within the hearts of all mankind! That very Holy Christ Self is stirring within Its tomb, preparing to break through the bonds of destructive use of free-will and express Itself! For this, I thank God!

With regard to the subject matter of this issue, your own dear Holy Christ Self will be of inestimable assistance in helping you *to love free* the Elements that compose your present physical vehicle. It will give to you the FEELING of love for all imprisoned life. This FEELING is not the negative expression of "sympathy" but the positive expression of "compassion", for all imprisoned and shadow-bound life, wheresoever you witness distress. "LOVE THOU ME FREE" is the call from imprisoned life. Yours is the Power to do just this. *Be not guilty of the sins of omission at this, your time of special opportunity!* Truly set about Our Father's business and help Us to LOVE ALL LIFE FREE! I SHALL HELP YOU!

SERAPIS BEY:

We, The Brotherhood at Luxor, are interested in the ASCENSION of all imprisoned life, wheresoever it exists, not only on the Earth, in the Earth but in the atmosphere surrounding It as well. We are extremely grateful that, at this time, the Cosmic Law is allowing the instructions to go forth to earnest chelas outside

the Ascended Masters' Retreats on the way and means by which they, too, can cooperate with Us in making the conditions for the Ascension of all imprisoned life possible; as well as the Ascension of the very Planet Earth Itself into the orbit of Uranus; then, at the proper time, into the orbit of the planet belonging to the System *immediately above* that of Helios and Vesta, the "Love Star"—Venus.

Let Me here explain to the chelas that the ASCENSION out of discord and limitation into harmony and abundance does not necessarily mean the etherialization and disappearance of form into another Realm. While there is a requirement for assistance upon the Planet Earth, there will be lovely volunteers who, having raised their consciousness into a permanent state of harmony and abundance, will remain as foci through which these God-qualities can and will flow into the atmosphere in which the Earth and Its inhabitants abide. Thus you can be, like Beloved Jesus—"*In* the world but not *of* it". Then you will be Ourselves in action helping the White Order to prevent the distresses which the masses could neither experience without fear nor pass through without tremendous etheric scars which would delay their souls' purification and their spiritual development.

Each of you dear chelas has the full, detailed description of the creation of the Sweet Earth in the "The Seven Mighty Elohim Speak on The Seven Steps to Precipitation". Therefore you know something of how much love, patience, constancy and fidelity were and still are involved in the very creation and sustaining of the Earth, which has been your Hostess through the ages. You can realize then how desirous We are to see Her restored to that pristine purity and perfection which She expressed when first the Holy Innocents, together with the Manu of the First Root Race and Lord Michael, Prince of the Archangels and His Legions of Light descended in grace to use the Earth for a schoolroom.

Call upon Me and the Brotherhood at Luxor to help you to be a part of this redemptive process! We shall be so happy to assist you.

HILARION:

There is a SCIENCE in establishing good-will between the Elemental Kingdom and the Human Kingdom. Of course, nothing is done by the Spiritual Hierarchy without the use of actual SCIENTIFIC PRINCIPLES which never deviate from Truth. As We are speaking to chelas developed along the seven specific lines of constructive endeavor, the SCIENCE of such good-will will

have seven types of constructive expression: The *powerful decrees* of the First Ray people; the *wisdom* of the Second Ray people; the *love* and *tolerance* of the Third Ray people; the *purity* of motive of Fourth Ray people; the *consecration* of energies toward a specific manifestation of good of the Fifth Ray people; the *peaceful* radiation of the Sixth Ray people; and, finally, the magnificence of *ceremony* which will be developed through the Seventh Ray people, incorporating songs, music, visualization, decrees, chants, censing and rituals which will delight all who enjoy the "fruit" of the pioneers of the Ascended Master Saint Germain's New Age.

JESUS:

It was easy for Me to master the waves of the stormy sea which so appalled My frightened disciples, because I had already become Master of all the elements composing My inner and physical vehicles! In like manner, the so-called miracle of walking upon the water was just another manifestation of that Mastery. I cannot recommend too strongly to the earnest chelas that they sincerely endeavor to harmonize the Elements which compose their own vehicles. This training will stand each such an one in good stead when he or she is called upon to hold the balance for the masses of people during the time just ahead, when not only continental but planetary changes will take place.

SAINT GERMAIN:

I do thank most sincerely Our Lord Maha Chohan and all the Chohans Who are giving to Me Their full gathered Cosmic Momentum of assistance in redeeming this sweet Earth and all imprisoned life at this time. Of course, the Violet Fire of Mercy and Compassion is one of the greatest purifying agents in this redemptive process. The loving cooperation of all unascended chelas, in whom I have implicit faith and trust, is a source of great encouragement to Me.

I PROMISE you My continued assistance in the development of whichever of the seven lines of constructive service to which you have a natural affinity. I think I am most fortunate of all the Chohans to have so many dear chelas all over the world willing, eager, capable and desirous of helping Me to bring the Permanent Golden Age to the Planet Earth!

When you stand with Me in your Robes of Freedom (having truly earned your Ascension) you, too, will know and experience grateful hearts, because you have had the strength of Spirit, clarity of mind and constancy of feeling to endure any temporary discomforts until this sweet Earth is Freedom's Star!

OUR BELOVED LORD MAHA CHOHAN— (*Continued from page* 11)

The Aquarians have accomplished Divine Mastery through the expansion and use of the Immortal Victorious Three-fold Flame of Eternal Truth within Their hearts until, in them, It is visible to the physical sight above their waists. This makes them self-luminous and the light blazes from the upper part of the body. Everyone wears a *natural* Crown of Light which is made up of the Seven Rays of the Elohim. The jewels they wear and use in their adornments are precipitated fire and everything these people do is done with great delicacy and finesse.

These Aquarians wear garments mostly Grecian in style—both men and women. Their foot-fall is very light because of the self-luminosity of their bodies and when they move they do not even touch or make an imprint upon the beautiful surface of their land —an aquamarine-colored ground covering which is similar to your grass.

There are beautiful mountains upon this Planet, in variegated colors (pink, gold and violet) from base to summit. Perhaps some of you have seen, from time to time, mountains in the sunset with these lovely colors playing around their peaks but on Aquaria these colors play all through the substance of the mountains themselves. Because these people levitate as easily as the Ascended Masters do, you will find lovely golden Pagodas and Llamaseries 'way up in very high places in these mountains which, from the human standpoint, would make them seem quite inaccessible were you to look at them from the bases of the mountains.

On Aquaria there are seven continents and seven oceans, and this pattern of seven continents and seven oceans follows through on all of the Planets belonging to our System governed by Helios and Vesta. In the System above—the one to which Our Beloved Alpha and Omega belong (our Great Central Sun) there are twelve Planets, with twelve continents and twelve oceans on each Planet. You see, there is a great symmetry and Divine pattern of perfection in all the activities of Nature.

Since these people of Aquaria are self-luminous and since the atmosphere of the Planet has no discord in it, the Music of the spheres is easly heard by the masses. These people pass through a fourteen thousand year cycle (seven two thousand year periods) from the time of the birth of the lifestream into its first embodiment on Aquaria until its Ascension is attained at the end of such a cycle. Of course, so-called "death" as you think of it here is unknown. On Aquaria, at the close of a life-span (some life-spans running as long as one thousand to twelve hundred years, because there is no disintegration or decay there), the individual just steps within a concentrate of the Violet Fire of Etherealization which is

focused in certain Temples provided for that purpose. Thus such an one passes *instantly* from Aquaria into the Inner Realms around It for rest and instruction before taking another embodiment.

There are Temples on Aquaria which are similar to your crematories. Not only every continent on the Planet has such Temples upon It but every inhabited locality upon those continents has such a Temple which the people call "Completion". When the individual has completed a life-span, that one proceeds to that Temple, his family invariably accompanying him. To the melodies of beautiful music and appropriate ceremony, the individual steps into the Flame and just disappears into the light, consciously entering into the Inner Realms. As We said before, such a lifestream often returns after a certain period of rest and instruction, reassuming his contact with the various members of his previous family, because of the long life-spans which the people of Aquaria enjoy. Even should he be out of embodiment for as long as two or three hundred years, most of his loved ones are still in embodiment on Aquaria and they joyously wait for him to return.

On Aquaria, the "birth" of a new body comes, of course, through the conscious projection of precipitating light rays from lovingly chosen parents and such an individual is in full command of all his faculties from "birth". He comes into embodiment wearing a very light garment which could not be called a "flesh" garment, but is similar to the bodies worn by those in the Realm in which he has come to abide. Such an individual will very often continue with the studies in which he was proficient before he left his former body—arrangements having been made previously with his family and friends before he entered the Temple of Completion to keep his books and experimental data together—usually in a lovely golden chest which is marked with his name and approximate date of his return. This continuity of consciousness makes things very much easier for the lifestream on Aquaria.

When a lifestream comes into re-birth upon that Planet, there is a ceremony again in the Temple which they call "The Temple of Opportunity". There the parents stand, accompanied by the other members of the family, friends and loved ones. As the parents project intelligent light rays into a Precipitating Flame at a given point in the atmosphere before them, they are directed to form the vortex of the heart of the incoming one, into which the Holy Christ Self of that one descends within the Immortal Three-fold flame. There is no veil of shadow here.

Then the parents coalesce around that Flame a "physical" vehicle through the process of self-conscious precipitation. Sometimes it is only a matter of ten minutes or so of time before the "new-born" steps out of this Precipitating Flame, in full possession

of all his faculties as has been said. He usually greets his parents with a handclasp or loving acknowledgment of some kind—greeting his friends in a like manner. Then he has a period of adjustment to the Planet Itself, after which he is free to go and repossess the treasures of his previous life and continue with his experiments and activities of light.

From the foregoing, one can easily see how very beautiful is this Planet Aquaria. The lifestreams who have come to help the Earth from this Planet (long ago, when such assistance was offered in Earth's darkest hours), you will usually be able to distinguish by the very delicacy of their forms. They will always be individuals who are very slender, rather ethereal and they carry a great buoyancy and sensitivity of spirit.

The present endeavors of Aquaria and Her people are to prepare as quickly as possible to enter into the fiery orbit of Mercury in this great Cosmic "push" of the hour.

Now, again, the Mercurians are an entirely different type of lifestream. They are tremendously charged with fire and are a very positive people. Thinking upon the Nature of the Beloved Ascended Master Morya (Who is a Mercurian) you can understand this rather well. So, the adjustment of the Aquarians to take the orbit of the fire people of Mercury is also quite an initiation! Many Mercurians are already living on Aquaria, rendering service and assistance to this end.

This is just a "bird's-eye view" of life on Aquaria but I would like to have you somewhat acquainted with the Planets which belong to the System in which you are serving. Then you can travel hither and yon in consciousness; you can go and see the people there, as well as invite them to visit you. In your outer world contacts, when you see the different types of lifestreams, you will be able to realize from whence they came and thus understand them better. You can cognize Uranians as well as the "fire people" from Mercury and it will be interesting and helpful to you to be able to test your own discrimination and your capacity to recognize them. As you now have some understanding concerning their different natures, it will be easier for you to associate with them much more harmoniously.

As the time allotted for our little visit has now expired, I again give you the benediction of The Holy Spirit, asking always that you remember to rhythmically give Me your loving attention.

Note: As mentioned by our Beloved Maha Chohan in the previous address, the first move in the Cosmic evolutionary progress of this System is horizontal. For the edification of our Gentle Readers, we give you below the names of the Seven Planets which belong to the System to which our Earth belongs—whose Sun is Helios and Vesta.

MONTHLY LETTER TO TRANSMISSION FLAME CLASS

June 21, 1958

BELOVED ONES SEEKING THE POWERS OF CONSCIOUS PRECIPITATION OF GOOD FOR THE IMPERSONAL BENEFACTION OF THE SWEET EARTH:

I am come to give to you My blessings for the sweet sincerity of your dear hearts in endeavoring to resuscitate the *natural* Power of Precipitation for your own dear selves and your fellow-man.

As I Am also among Those Divine Personages Who are interested in the conscious use of the Power of Precipitation utilized so freely and magnificently through the Nature Kingdom, I can but rejoice that now, in this hour of planetary crises, there is arising within the deep recesses of your spiritual nature, a beautiful and sincere desire to learn to use the Power of Precipitation. This Power you once knew and utilized through aeons of time *before* the "veil of maya" (with its limited concepts) temporarily caused you to lose this Power and accept limitation as being God's Holy Will for you!

Precipitation of GOOD is part of your Divine Heritage. *Now reach out,* beloved, and *consciously accept* this Power! I shall help

you. Remain no longer in the acceptance of your spiritual impotence! What the Nature Kingdom externalizes each year for the beauty, nourishment and encouragement of mankind, you, too, can do RIGHT NOW! This will be the greatest example to mankind (who enjoy more the fruit than the patient tree which produces it) and will cause some few among them to desire to learn the Law of Precipitation for themselves. Be not disappointed, beloved, if the many *pluck the fruit* of your spiritual disciplines and resultant manifestations, but are *much less* interested in the Way by which such manifestations occur. It has always been so!

Remember always, beloved children, that the New Day *has dawned* and that My Son, the Ascended Master Saint Germain, *depends upon you,* each one, to bring forth the Permanent Golden Age upon the Sweet Earth through your dedicated spirits. This is the Kingdom of Heaven *come* NOW!

To those of you who consider seeking the Power of conscious Precipitation as either selfish or unworthy of a *spiritual* life, I suggest that you dis-abuse your minds and outer consciousnesses of such false human concepts. It is not for yourself, alone, that you seek the resuscitation of that Power, but that through you (as channels) the beauty that lies in the Seventh Sphere may and shall be externalized upon the Earth.

Consider rationally the Nature Kingdom for a moment! After the long winter months which have been provided as a time of rest for the various members of that Kingdom—if such members took the conscious stand of mankind and thought it of no use to "bother" to tie into the Resurrection Flame; if they did not consciously endeavor to cooperate with their own Divine Plan (which is to show mankind the beauty of their expression)—how would you personally feel? If even for one year there were no glorious Spring; no harvest; no magnificent Autumn; mankind's HOPE, as well as his practical physical sustenance, would disappear! Are you not equal to the challenge which We, the Spiritual Hierarchy, place before you, to Precipitate GOOD through the expansion of the Divine Plan held by the Holy Christ Self within your heart?

On behalf of the Beloved Ascended Master Saint Germain, Whose Cause you have vowed to serve, I IMPLORE YOU *NOW* to be about your "Father's Business", as Blessed Jesus was centuries ago and still is! The desire to learn how to consciously use the Power of Precipitation for the blessings of the Earth's evolutions is GOD-INSPIRED, GOD-DIRECTED AND GOD-PROTECTED! The human vows of "holy poverty" have been mis-interpreted by well meaning individuals. The God-vow is "holy humility" in the use of all the God Powers and Their attendant expressions, whether these expressions take the form of FAITH in God; WISDOM in

the use of His Life; LOVE of God and His Messengers; personal PURITY (so that one is a more efficacious channel of His Holy Will); CONSECRATION of His life (through you) to expand any constructive line of endeavor; MINISTRATION to those expressions of imprisoned life (whether they be Angelic, human or elemental); or INVOCATION of God's Holy Will manifest NOW on the Sweet Earth.

Note carefully that the Power of Precipitation of Good is coupled with Reverence for Life! In that conscious knowledge is your safe-guard against selfishness of any kind.

Let Us daily enter together in consciousness into the beautiful Rocky Mountain Retreat and sit at the feet of Beloved Lanto and The Brotherhood there. They have guarded the Power of Precipitation for ages and are filled with the FEELING OF REVERENCE FOR ALL LIFE. From Them accept the blessings which are yours for the asking! I shall be waiting there for you! Please come and, within the compass of My Own loving heart, you can be the beneficiaries of ALL the full, gathered Cosmic Momentum Which IS WITHIN THIS RETREAT! Then, as you return to your respective spheres of influence, you will have a greater impetus to use the instruction *concerning* and feeling *for* REVERENCE FOR ALL LIFE, which I trust you will utilize without strain or stress to bless all imprisoned life at this crucial time of planetary initiation.

Love and blessings

GROUP INSTRUCTION MATERIAL FOR TRANSMISSION FLAME CLASS

June 21, 1958.

DEAR GENTLE READER—DESIRING TO COMFORT LIFE:

To each of you individually, as well as to all the life you ever contact, we offer the sincere blessing of this call—in the Name and Authority of our own Beloved "I AM" Presence and yours—for OCEANS of the glorious Golden-pink Comfort Flame from our Beloved Maha Chohan's heart to flood in, through and around you now—be eternally sustained, all-powerfully active and ever-expanding. Accept this in faith believing now—for He always answers instantly.

"Do as you would be done by" is a shorter version of "The Golden Rule". This "Golden Rule" was at least one of the first of the Laws to be given to mankind when they came to live upon this dear Earth. For much more than a million years after the Earth's people came here, obedience to this Law by them kept everyone and everything young, beautiful, happy and God-supplied with every good thing, in every way. Now, in the Permanent Golden Age for this Planet into which we are now entering, that lovely Way of Life shall come into being here again. It is truly the Ascended Masters' Way of Life and wonderful! wonderful! wonderful! it must be to live therein.

Our Beloved New Buddha (formerly Lord Maitreya) once said in one of His lovely addresses to us that one does not find *too much* kindness expressed by those who yet abide in this world of form. How true we have all found this to be from time to time. Of course, those of us who love the Ascended Ones are certainly not among those who either could or *would* be *consciously unkind* at any time to any part of life—for it is we alone through whom Our Beloved Maha Chohan and the Ascended Host can be represented here in the physical octave of expression.

For just a moment—stop here and think! *Just how do you feel when you are really comfortable?* What does it take to make you feel so? Is it thoughts, feelings, spoken (or written) words or acts of criticism, ridicule or a legion of other unfortunate qualities which mankind sometimes feel inclined to impose upon each other—most of the time unthinkingly? You know it is not!

If we are to be like the Great Ones and if each of us is to be a literal "arm of Their Presence"—*we will never consciously* impose hurt, discouragement, or disparagement of another's gifts upon the feelings of any part of life (animate or so-called inanimate). You see, no Ascended Master ever (for any reason whatsoever) blames, criticizes, condemns or even disapproves of any part of life or its expression. Beloved Saint Germain once said (and He is known as the most courtly of all the Gentlemen of Heaven!): "Remember! No Ascended Master ever disapproves of you—*no Ascended Master could!*" Is that not comforting indeed?

This thirty-day period is a particular opportunity for each of us—individually and all collectively—*to learn real* Reverence for Life! A definite Divine Pattern to follow is given by our Beloved St. Paul (now the Beloved Chohan Hilarion) in a letter to one of His Churches (Bible ref. Philippians 4:8) which says, in part: "Finally, brethren—whatsoever things are honest; whatsoever things are just; whatsoever things are pure; whatsoever things are lovely;
